

Play with My Coach

Crest Academy instructors

2022

Parents, if your junior golfer is looking to build their confidence and sharpen their game for tryouts in late summer or just take their game to the next level, then this is the program for you. Students participating in "Play with My Coach" get one-on-one assistance with their game, and specific help in areas where the player struggles. Plus, they get golf course management advice, which helps the aspiring player learn to manage their game on the course. To reduce costs, we encourage you to ask friends who have juniors with similar abilities.

Play with My Coach Costs
